

InSinkErator Authorized OEM Products

Revised: 6/7/2024

InSinkErator Warranty and Authorized OEM Products:

You may use your InSinkErator Product hot/cold water tank and filter system in combination with any genuine InSinkErator Product instant hot water dispensers and component parts and/or Authorized OEM Products. "Authorized OEM Products" mean those hot or hot/cold water dispensers and component parts that have been manufactured by an authorized InSinkErator original equipment manufacturer ("Authorized OEM") and which have documentation expressly stating that such Authorized OEM Products are compatible with the InSinkErator Product(s). Authorized OEMs may change from time to time. A list of Authorized OEMs and models is included in this web page. Use of your InSinkErator Product in combination with any products other than Authorized OEM Products will void the InSinkErator warranty.

InSinkErator Authorized OEMs and Authorized OEM Products:
